

## **Fairfield PD deploys technology to enhance relationships**

**Newark, New Jersey Mar 24, 2023 ([IssueWire.com](https://www.issuewire.com))** - The Fairfield Police Department is excited to announce the launch of an innovative technology. Fairfield PD has purchased Atlas One to enhance communication and engagement with the local community. The platform offers a range of innovative features designed to foster collaboration between law enforcement and residents to create a safer, more connected Fairfield.

The Atlas One platform enables community members to easily report incidents, access real-time crime data, and receive critical updates directly from the Fairfield Police Department. By offering a user-friendly interface and seamless integration with existing communication channels, Atlas One streamlines the flow of information between the public and law enforcement.

"Fairfield Police Department is committed to building strong relationships with our community, and we believe that Atlas One will play a key role in achieving that goal, during an unprecedented time of struggling police-community relationships we strive to be ahead of the curve" said Anthony Manna, Chief of Police for Fairfield. "This innovative platform allows us to engage with residents more effectively and ensures we can respond to their concerns quickly and efficiently. We are excited to be the first agency in New Jersey to purchase and deploy this exploding technology."

In addition to facilitating communication, Atlas One empowers community members to take an active role in public safety by offering tools for neighborhood watch groups, crime prevention tips, and the ability to provide anonymous information to the police department.

Atlas One was purchased by the Fairfield Police Foundation. "We just knew this was something that our community needed, our community has always supported us, and we believed this technology can help solidify those relationships," said Sergeant Ralph Casendino, Liaison to the Fairfield Police Foundation.

The Fairfield Police Department is confident that adopting Atlas One will increase trust and cooperation between law enforcement and the community, resulting in a safer and more vibrant Fairfield for all residents.

### **About the Fairfield Police Department:**

We, the members of the Fairfield Police Department, are committed to delivering quality services in response to our community's diverse needs.

We recognize the need to take a leadership role in the areas of law enforcement, education, domestic preparedness, emergency medical services, and address quality of life issues.

We seek to build partnerships with all the members of our community in an effort to maintain order while affording dignity and respect to every individual.

With faith in our society and honor in our work ethic, we will strive to protect and serve with excellence.
