

Get to know Pulmonologist and Critical Care Specialist Dr. Stephen Wilczynski, who serves patients in Florida.

Stephen Wilczynski, MD, a Pulmonologist and Critical Care Specialist with Gulf Coast Medical Center & LPG Pulmonology - Metro Pkwy

New York City, New York Mar 9, 2023 ([IssueWire.com](https://www.issuewire.com)) - A fellowship-trained pulmonologist and critical care specialist, Dr. Wilczynski is a part of the physician network at Lee Health. Namely, he practices at the following locations in Fort Myers, Florida: Gulf Coast Medical Center & LPG Pulmonology - Metro Pkwy.

Treating adults, his clinical interests include critical care medicine, asthma, chronic obstructive pulmonary disease (COPD), interstitial lung disease, and pulmonary testing.

In regards to his educational background, Dr. Wilczynski graduated with his medical degree from The Robert Larner, M.D. College of Medicine at The University of Vermont in 1989. He then went on to perform his residency in internal medicine at the University of Vermont Medical Center in 1992, and his fellowship in pulmonary disease/critical care medicine at Duke University Hospital in 1998.

A Fellow of the American College of Chest Physicians, the doctor is board-certified in pulmonary disease and critical care medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Pulmonology is a medical specialty that deals with diseases involving the respiratory tract. A pulmonologist is an internal medicine physician who specializes in preventing, diagnosing, and treating conditions and diseases that affect the lungs, bronchial tubes, and the respiratory system, including the nose, pharynx, and throat.

Intensive care medicine, also called critical care medicine, is a medical specialty that deals with seriously or critically ill patients who have, are at risk of, or are recovering from conditions that may be life-threatening. A critical care specialist is a healthcare professional responsible for investigating, diagnosing, and treating patients that require critical care.
