

## **Johannes B. Roedl, MD, a Radiologist with Jefferson Health**

Get to know Radiologist Dr. Johannes B. Roedl, who serves patients throughout the State of Pennsylvania.

**New York City, New York Mar 21, 2023 ([IssueWire.com](https://www.issuewire.com))** - Dr. Roedl is a board-certified and fellowship-trained musculoskeletal radiologist who specializes in imaging and minimally invasive image-guided procedures for sports-related injuries.

He is an attending radiologist at Thomas Jefferson University Hospital - Main Building in the Musculoskeletal Division, which interprets the MRIs and performs the image-guided procedures for the professional sports teams in Philadelphia including the Eagles, Phillies, Flyers, and Sixers

In collaboration with Jefferson Health, he also offers his services at Jefferson Torresdale Hospital, Jefferson Bucks Hospital, Jefferson Frankford Hospital, Jefferson Methodist Hospital, the Sarcoma, and Bone Tumor Center, Jefferson Health's Radiology Department, and Vincera Institute.

In professional and amateur athletes, Dr. Roedl focuses on MRI and ultrasound for diagnosing sports-related injuries and uses minimally invasive, ultrasound-guided techniques for the treatment of tendon, muscle, joint, or nerve injuries.

Among his academic appointments, he serves as a Clinical Associate Professor of Radiology at Thomas Jefferson University.

In Germany, Dr. Roedl graduated with his medical degree from the Faculty of Medicine at Friedrich-Alexander University in 2005. He then relocated to the United States, performing his residency in internal medicine at Massachusetts General Hospital in 2009, his residency in diagnostic radiology at Beth Israel Deaconess Medical Center in 2012, his fellowship in vascular and interventional radiology at Beth Israel Deaconess Medical Center in 2013, and his fellowship in musculoskeletal imaging at Thomas Jefferson University Hospital in 2014.

As a testament to his success, the doctor is board-certified in diagnostic radiology by the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

Staying up to date in his field, Dr. Roedl is an active member of the American College of Radiology, the Radiological Society of North America, and the Society of Skeletal Radiology.

Radiology refers to the field of medicine that uses non-invasive imaging scans to diagnose a patient. A radiologist is a physician who uses imaging methodologies to diagnose and manage patients and provide therapeutic options.

Throughout his extensive line of work, Dr. Roedl has published, written book chapters, and spoken publicly on sports-related imaging and interventions in national and international meetings

On a more personal note, he is fluent in English, German, and Spanish.
