

Leo Davidson, DPM, a Podiatrist with Foot Care 2 You

Get to know Podiatrist Dr. Leo Davidson, who serves patients in New Jersey.

New York City, New York Mar 21, 2023 ([IssueWire.com](https://www.issuewire.com)) - A caring and diligent podiatrist, Dr. Davidson diagnoses and treats foot and ankle disorders at Foot Care 2 You. He offers his services at the following offices in New Jersey: Toms River, West Orange, and Bloomfield.

Foot Care 2 You is a medical practice that specializes in general podiatric medicine and surgery, diagnosing and treating a variety of foot and ankle conditions in patients of all ages. It has five

convenient locations: West Orange, Toms River, Elmwood Park, Bloomfield, and Basking Ridge, New Jersey.

The entire medical team at Foot Care 2 You is dedicated to offering quality foot and ankle care, including diagnosis and treatment of conditions such as heel pain, bunions, hammertoe, neuropathy, and sports injuries, as well as providing expert diabetic foot care. The podiatrists prefer to use minimally invasive treatment options when possible, such as Tenex Health TXTM procedures to treat tendon disease and customized orthotics for plantar fasciitis, bursitis, and arthritis. In cases where surgery is necessary, the entire staff is fully trained and experienced in the latest podiatric surgical techniques.

Well-trained in all aspects of podiatric medicine and surgery, Dr. Davidson uses only the latest technologies for diagnostics and treatment. He specializes in trauma, minimally invasive procedures, and reconstructive surgery of the foot and ankle.

Because he firmly believes in always treating others as he would like to be treated, he has a personal, compassionate approach to care that his patients truly appreciate.

With a broad educational background, Dr. Davidson completed his undergraduate degree at Hofstra University in Hempstead, New York. He then went on to graduate with his Doctor of Podiatric Medicine degree from the New York College of Podiatric Medicine in New York City, where he earned a spot on the Dean's List and also served as class president.

Furthering his training, he completed his podiatric residency with the Seton Hall University/St. Michael's Medical Center residency program in Newark, New Jersey, is the longest-standing residency program in the state. He served as chief resident in his third year.

Podiatry is a branch of medicine devoted to the study, diagnosis, and medical and surgical treatment of a variety of disorders of the foot, ankle, and lower extremities. A podiatrist, also known as a podiatric physician or a foot and ankle surgeon, is a medical professional devoted to the treatment of disorders of the foot, ankle, and lower extremities. They can treat injuries and complications from ongoing health issues like diabetes.
