Get to know Dentist Dr. Samer Elbatanouny, who serves patients in Illinois.

New York City, New York Mar 30, 2023 (IssueWire.com) - Dr. Elbatanouny is an accomplished surgeon with a wealth of experience and education in the field of dentistry. He is dedicated to helping patients achieve better oral health at Surgical Suites with offices in Chicago and Bolingbrook, Illinois.

One of the few surgeons in the country that places zygomatic implants for no jaw bone solutions, Dr. Elbatanouny specializes in full mouth implant reconstructions and has successfully placed thousands of implants per year for over a decade.

Committed to providing the highest level of care and education to his patients and colleagues, Dr. Elbatanouny teaches and mentors full arch implant rehabilitation and IV sedation to his fellow colleagues while transforming the lives of many patients across the states of Illinois, Indiana, Wisconsin, Utah, and California. His passion for dentistry is evident in the impact he has made on the field, and his dedication to his patients is unmatched.

With an impressive academic background, Dr. Elbatanouny graduated with his Bachelor of Dental Sciences degree from the Faculty of Oral and Dental Medicine at Cairo University in Egypt. He then relocated to the United States, earning his Doctor of Dental Surgery degree from the University of Illinois at Chicago College of Dentistry and a Master of Healthcare Administration degree.

Having undergone extensive training in dental implants education, Dr. Elbatanouny earned him a Fellowship in the American Dental Implant Association and a Mastership in the International Dental Implant Association. These prestigious distinctions are only granted to the top 2% of implantologists in the country who are skilled in placing and restoring implants.

His expertise in dental implants is complemented by years of experience working in an oral surgery office. Through this work, he has developed a vast knowledge and skill set, enabling him to perform complex surgeries with minimal discomfort and post-surgical complications.

To maximize his patients' comfort level while going through these difficult procedures, Dr. Elbatanouny logged hundreds of hours of training to get certified in safe oral and IV sedation procedures.

A Fellow of the esteemed Academy of General Dentistry, he is also an active member of the American Dental Society of Anesthesiology, the International Dental Implant Association, and the American Dental Implant Association.

Continuously going above and beyond, Dr. Elbatanouny takes thousands of continuing education courses so that he can always be at the cutting edge of dental knowledge and get patients the best treatment options available. He knows how hard it is to go to the dentist and get surgical treatment done so he strives everyday to give all his patients the best and most up to date treatment in the most comforting manner possible.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat problems with patients' teeth, gums, and related parts of the mouth. They provide advice and instruction on taking care of the teeth and gums and on diet choices that affect oral health.

Above all else, Dr. Elbatanouny is a loving father to his two sons and when he is not helping patients during office hours, he is spending quality time with them. He is very passionate about traveling the globe and is eager to learn about different cultures and hopes to discover the world's diversity.
