

Skill Samurai Launches Industry-First "MathCode™ Mastery Method", Revolutionizing Math Enrichment Education for Kids

The Integrated Maths + Coding Program That Kids Love

Miami, Florida Mar 17, 2023 ([Issuewire.com](https://www.issuewire.com)) - Skill Samurai, the leading provider of coding and STEM education for kids, is proud to announce the launch of its latest industry-first product, the MathCode™ Mastery Method, a unique and innovative approach to math enrichment education. It combines math and coding to help kids achieve math mastery. According to Australian Franchisor, Jamie Buttigieg, "It's Math Tuition, Supercharged".

Skill Samurai has developed this method by leaning into the latest research; an integrated learning approach that combines math and coding yields better learning outcomes and student engagement.

Skill Samurai's MathCode™ Mastery Method uses the world-renowned Singapore Math approach, which is used by the world's top math students. Singapore Math is a teaching approach that emphasizes visual and problem-solving techniques to help students develop a deep understanding of mathematical concepts.

"Math is a fundamental subject that all students need to master in order to succeed in their academic and professional careers," said Jeff Hughes, CEO of Skill Samurai. "Unfortunately, many elementary school kids are not ready for middle school math, which can lead to poor academic performance and low self-esteem. The MathCode™ Mastery Method is an early intervention program that helps kids build a strong foundation in math and problem-solving skills."

"At Skill Samurai, we are committed to providing the best coding and STEM education for kids," said Jamie Buttigieg, Australian Franchisor for Skill Samurai. "The MathCode™ Mastery Method is the latest addition to our comprehensive curriculum, and we are excited to see the positive impact it will have on students' lives."

Skill Samurai's MathCode™ Mastery Method will be available at all Skill Samurai centers across Australia, USA, and Canada this fall. For more information, please visit our website skillsamurai.com/math, or contact us at admin@skillsamurai.com

About Skill Samurai: Skill Samurai is the leading provider of enrichment education for kids. With a focus on project-based learning and a self-paced approach, Skill Samurai provides a fun and engaging way for kids to learn valuable skills that will prepare them for success in the future. Skill Samurai is committed to helping kids develop important problem-solving, critical thinking, and leadership skills and provides a comprehensive curriculum tailored to each student's individual needs.
