Smilebox Dental, a Tech-driven Dental Startup, Offers Dental Solutions and Free Camps in Delhi

Smilebox Dental, an innovative and cutting-edge dental startup, is proud to announce its latest initiative. The brand has been hosting a series of free dental camps across Delhi NCR, offering a range of dental services to people of all ages.

Delhi, India Mar 20, 2023 (Issuewire.com**)** - Smilebox Dental is quickly becoming a leader in the dental-tech space, offering innovative & predictive solutions and cutting-edge technology to its patients. SmileBox Dental is known for its transparent and affordable services, which make dental care accessible to everyone.

"We feel privileged reaching out to people and letting them know how critical oral care is, and how it is the gateway to health and overall well-being. We emphasize preventive dentistry and make people aware of the importance of regular dental checkups," said Dr. Tarun Mittal, the co-founder & CEO of Smilebox Dental.

They have been getting free dental camp requests at various locations in Delhi, including communities, schools, hospitals, and more. Patients will have the opportunity to receive a comprehensive dental

diagnosis and prescription. The dental team will also provide education and resources on maintaining good oral hygiene and preventing dental diseases.

Smilebox Dental has been serving the Delhi-NCR community for more than 12 years now, providing top-notch dental care to its patients. With a chain of 6 clinics, across Delhi NCR, the brand is committed to giving back to the community by providing free dental consultations to those in need and promoting oral health and hygiene.

For more information about Smilebox Dental and its services, please visit the clinic's website or call their office at +91-8750094000.
