Patna, Bihar Apr 29, 2023 ([Issuewire.com](https://www.issuewire.com)) - [Ad School](#), a online education institution in digital marketing and programming, has announced a new internship training program for students looking to advance their skills and gain real-world experience in stream like Digital marketing, SEO, Mobile App development.

The program will run for six weeks and eight weeks, with courses in digital marketing, Google Ads, Facebook Ads, YouTube Ads, affiliate marketing, programming, coding, Android app development, and mobile app development. The courses are designed to provide students with practical skills and experience in the latest technologies and trends in the industry.

The program will be open to students who are currently enrolled in or have completed a degree in computer science, marketing, business, or a related field. Students will be expected to learn & work full-time during the program and will be provided with an internship certificate upon completion. Additionally, they will receive on-job training certificates from London, which will be a valuable addition to their resumes.

The program will be led by experienced professionals who have years of experience in the industry. They will provide students with guidance, feedback, and support throughout the program to ensure that they are getting the most out of their experience.

Ad School is an online education institution in digital marketing and programming, offering a wide range of courses to students in every part of India through an online channel. The course will be available in two modes of languages: Hindi & English. With a focus on practical skills and real-world experience, Ad School is committed to preparing students for successful careers in the industry.

The program will begin in the 1st week of June 2023 and will be open to students from all over the world. Students who are interested in the program are encouraged to visit the Ad School website for more information and to apply.
