

## **Aqua Intima Swimwear Launches New Tropikini Collection**

**Miami Beach, Florida Apr 10, 2023 ([IssueWire.com](https://www.issuewire.com))** - Miami-based ethical swimwear brand, Aqua Intima, has just launched its third collection named Tropikini. The Summer 2023 collection is an ode to the beautiful island of Puerto Rico and its vibrant colors and people. Every print in the collection has been exclusively designed for Tropikini, with meticulous attention to detail.

Aqua Intima was founded with the aim of creating the most flattering and versatile swimwear that can be worn on any occasion. The brand prioritizes empowering women to feel confident and comfortable in their swimsuits. Each piece is made with the finest quality fabric and ethical production processes.

Paola Diaz, the founder, and creative director of Aqua Intima is a fashion model, designer, and real estate tech & innovation futurist. Diaz has created a collection that is both flattering and timeless while ensuring it adheres to ethical and sustainable practices.

“We are excited to introduce Tropikini, our latest collection that was inspired by the vibrant colors and people of Puerto Rico. Our new collection features exclusive prints and unique swimwear fabric that feel like butter. We hope that our customers will love this collection as much as we do,” said Paola Diaz, Founder, and Creative Director of Aqua Intima.

The Tropikini collection features bikinis and one-of-a-kind swimwear pieces that are perfect for the summer season. The brand has created pieces that cater to different body types and sizes, ensuring that every woman can find the perfect fit for her.

Aqua Intima's Tropikini collection is available for purchase online. With its unique prints and ethical production, the Tropikini collection promises to be a must-have for every beachgoer this summer.
