

International conference on Orphan Drugs and Rare Diseases

Orphan Drugs 2023

London, United Kingdom Apr 21, 2023 ([Issuewire.com](https://www.issuewire.com)) - Magnus Group wholeheartedly welcomes you to its “[International conference on Orphan Drugs and Rare Diseases](https://orphan-drugs.magnusconferences.com/)” (Orphan Drugs 2023) as an Online Event slated during August 17-19, 2023. The congress deliberations will be on the theme “Orphan drugs: Ray of hope for rare disease”.

The Orphan Drug Act (ODA) of 1983 obligated manufacturers to increase the scale of orphan drugs in order to treat rare diseases and the orphan drug landscape has changed dramatically since then. Orphan medication approvals have increased in the last decade and there are over 500 candidates for orphan diseases in the pipeline. [Orphan Drugs Conference](#) provides a platform for scientists, professors, researchers, healthcare specialists, academicians, practitioners and students to discuss their latest research findings, ideas, advancements, and applications. The [Rare Disease Conferences](#) also gives a remarkable opportunity for stakeholders in the orphan drug business to meet and network with top-tier government, pharmaceutical, biotech, non-profit, orphan drug developers and research organizations. [Orphan Drug Conferences 2023](#) putting an agenda that address the driving macroeconomic factors, policies and issue that will steer the development of orphan drugs globally

including access, collaborations, policies, etc.
