**Brisbane, Queensland Apr 20, 2023 ([Issuewire.com](http://Issuewire.com))** - The Women Changing the World Awards presented by Oprah Winfrey's all-time favourite guest, Dr. Tererai Trent, celebrate and recognize women achieving outstanding success in areas such as sustainability, humanitarian work, leadership,

advocacy, tech, product development, education, health and innovation. The awards are designed to recognize the growing number of women who are leading the way in making the world a better place for us all and inspire other women to answer the call to take action.

Dr. Trent explains, “These exceptional women are here to awaken hearts, give permission to recapture dreams and inspire the women of the world to come together to forge a brighter path for all. The rising of women is the awakening of everybody.”

Mel James said she was thrilled to win silver for Company of the Year and bronze for Women in Business at the 2023 Women Changing the World Awards.

Mel James says: “This is huge! To be recognised on a global stage and place 2nd for Company of the Year and 3rd for Women in Business. It speaks to the amazing people we have here at Social Care Solutions, the incredible passion, innovation and drive to truly make change in children, families, carers and practitioners’ lives.”

Dr. Trent’s vision for these awards is to empower women everywhere to reclaim their sacred dreams and call in women across the globe to unite and pave the way towards a better future for all.

It can be challenging to create change in the world and Mel James gives this advice for others thinking about following their calling to make a difference: “It can be exhausting, it can be emotionally and mentally draining, but it is so worth it, when you know what you’re doing is making a difference in the lives of children and young people around the country!”
