

# **Lutheran Social Services Named Winner of Best and Brightest Companies to Work For® in Milwaukee for Third Year in a Row**

BEST AND  
BRIGHTEST<sup>®</sup>

COMPANIES

TO WORK FOR

WINNER 2023

**West Allis, Wisconsin Apr 22, 2023 ([IssueWire.com](https://www.issuewire.com))** - For the third consecutive year, [Lutheran Social Services of Wisconsin and Upper Michigan](#) (LSS) has been officially recognized as one of the “Best and Brightest Companies to Work For®” by the National Association for Business Resources (NABR). LSS is one of only 15 Wisconsin companies to earn the 2023 award, which goes to organizations that provide “exceptional human resource practices and an impressive commitment to their employees,” according to the NABR.

The Best and Brightest Companies to Work For® identifies LSS as a Milwaukee-area organization that displays “a commitment to excellence and employee enrichment,” areas the NABR identifies and honors as part of the program. Organizations are assessed on several categories, including diversity, work-life balance, communication and many more. Through determination, exceptional leadership, and daily ingenuity, the Best and Brightest like LSS are seen as ideal organizations that “epitomize *Better Business. Richer Lives. Strong Communities.*”

“I am so appreciative of everything our LSS colleagues do each and every day throughout our two-state reach to serve people who have incredible odds stacked against them,” said LSS President and CEO, Héctor Colón. “Because of them, we are able to do this great work now and in the future. They care so much about one another and the nearly 30,000 people we help each year. The leadership team and our board are focused on ensuring LSS is a Workplace of Choice today, tomorrow and for many years to come.”

In 2022, LSS commemorated its 140th year of Servant-Leadership. Across three centuries, since its inception in 1882, LSS has empowered people to live their best lives offering a path to recovery, safe and affordable homes, forever families, and independence.

Nominations for the “Best and Brightest Companies to Work For” are accepted across the United States and broken down by various regions. Employees then complete a survey to calculate an organization’s score to compare with its peers in a particular geographic location. Historically about 10% of all nominations received make the winners list. Below is the list of winners from the past three years.
