

Tiny Oak Jewelry Partners with One Tree Planted To Plant a Tree For Every Purchase

Tulsa, Oklahoma Apr 27, 2023 ([IssueWire.com](https://www.issuewire.com)) - Tiny Oak Jewelry is pleased to announce a partnership with One Tree Planted. Beginning on Earth Day, 2023, Tiny Oak Jewelry launched its “Every Purchase Plants a Tree” initiative.

“Planting trees is one of the most effective ways to combat climate change, and One Tree Planted makes it easy for small companies like mine to make a difference.” said Michelle Spencer, owner, and Chief Creative Officer at Tiny Oak Jewelry. “Sustainability is one of our core values, and we share with One Tree Planted an optimistic outlook, so this partnership makes great sense.”

For every purchase made from Tiny Oak Jewelry, whether it’s one item or a dozen, the company will donate one dollar to One Tree Planted, where every dollar donated plants a tree. Our goals include:

- Combating climate change by contributing to global reforestation
- Empowering consumers to make a difference with their purchases
- Giving back to the abundant world that we live in

Trees are essential to protecting the health of our planet, restoring habitat for biodiversity, and reducing the harmful effects of climate change. Reforestation is consistently identified by scientists as one of the top solutions to the climate crisis, and the trees that are planted as part of this initiative will support the UN’s Sustainable Development Goals.
