

World Laparoscopy Hospital: A Center of Excellence for Laparoscopic Surgery

Internationally Recognized Surgeons and State-of-the-Art Facilities Set World Laparoscopy Hospital Apart

Gurgaon, Haryana Apr 19, 2023 (IssueWire.com) - [World Laparoscopy Hospital](https://www.issuewire.com/World-Laparoscopy-Hospital), founded in 2001 by renowned laparoscopic surgeon Dr. R.K. Mishra, has become a leading medical center for laparoscopic surgery. With advanced facilities and skilled surgeons, the hospital is dedicated to providing high-quality care to patients and training healthcare professionals.

The hospital's state-of-the-art facilities, including advanced laparoscopic instruments and high-tech operating rooms, are staffed by a team of highly skilled surgeons who specialize in laparoscopic and robotic-assisted surgical techniques. Dr. R.K. Mishra, who leads the team, is internationally recognized for his contributions to the field of laparoscopic surgery.

[Dr. R.K. Mishra](#) is an internationally recognized laparoscopic surgeon with more than 25 years of experience in the field. He is the founder and chief surgeon at World Laparoscopy Hospital, a leading medical center for laparoscopic surgery located in Gurgaon, India. Dr. Mishra is a pioneer in laparoscopic surgery and has contributed significantly to the advancement of the field. He has performed thousands of laparoscopic surgeries and has trained thousands of surgeons and healthcare professionals in laparoscopic surgery techniques.

Dr. R.K. Mishra is known for his expertise in complex laparoscopic surgeries, including bariatric surgery, hernia surgery, and colorectal surgery. He is also an expert in robotic-assisted surgery and has performed numerous surgeries using the da Vinci surgical system. He is a highly respected figure in the

field of laparoscopic surgery and has been invited to speak at numerous international conferences and meetings. He has also published numerous papers and articles in leading medical journals.

World Laparoscopy Hospital offers a wide range of [laparoscopic surgery training](#) programs for surgeons and gynecologists, including live surgery workshops, and hands-on training sessions on daVinci robotic surgery. Participants can observe surgeries being performed in real-time and practice their skills on simulation models and cadavers under the guidance of experienced surgeons.

The [fellowship and diploma course is a three-week program](#) that provides hands-on training in laparoscopic and robotic surgery techniques, including live surgery workshops, and hands-on training sessions. The course is designed to give participants the skills and knowledge they need to advance their careers and provide the best possible care to their patients.

The course is led by a team of highly skilled surgeons who specialize in laparoscopic and robotic-assisted surgical techniques. The team is led by Dr. R.K. Mishra, who is internationally recognized for his contributions to the field of laparoscopic surgery.

According to Dr. R.K. Mishra, "Our fellowship and diploma course in laparoscopic surgery is designed to provide participants with the highest quality training and education in the field of laparoscopic surgery. We are committed to providing our participants with the skills and knowledge they need to advance their careers and provide the best possible care to their patients."

The hospital has been accredited by several prestigious organizations, including the National Accreditation Board for Hospitals and Healthcare Providers (NABH), the World Association of Laparoscopic Surgeons, and the International Organization for Standardization (ISO). These accreditations confirm the hospital's commitment to providing high-quality care and training to patients and healthcare professionals.

According to Dr. R.K. Mishra, "World Laparoscopy Hospital is dedicated to the advancement of laparoscopic surgery. Our team of skilled surgeons, advanced facilities, and comprehensive training programs make us a center of excellence for laparoscopic surgery."

World Laparoscopy Hospital is leading the way in laparoscopic surgery innovation and research. The hospital has received numerous awards and accolades for its contributions to the field of laparoscopic surgery.
