Health Moments: Autism and Breast Cancer

The Caribbean Global Awards© is pleased to announce that we will be promoting Autism and Breast Cancer Awareness at this year's event.

Caribbean Global Awards is a hybrid event that is dedicated to celebrating and recognising excellence across the Caribbean Diaspora. If you have Caribbean ancestry or are having an impact on the social or economic development of the Caribbean region, you are eligible for nomination.

The Caribbean Global Awards© nominations close on the 30th of May 2023 at midnight UK time. This is a great opportunity to nominate someone or yourself. Both individuals who have excelled in their vocations and those who have positively impacted their communities through social good activities are welcome to submit nominations for the Caribbean Global Awards.

"We thank all media organisations, outlets and platforms for promoting the Caribbean Global Awards," said Michaelene Holder-March, Founder and President of the Caribbean Global Awards©.

Caribbean Global Awards firmly believes in working together with the global business community to advance and advertise the Caribbean region. There are several sponsorship opportunities.

The hosts, judges, and event planning team for the Caribbean Global Awards are doing their all to make this year's gala event a success.
