

## **Kenneth Ney, MD, a Urologist with Urology of Indiana**

Get to know Urologist Dr. Kenneth Ney, who serves patients throughout the State of Indiana.

**New York City, New York May 26, 2023 (IssueWire.com)** - A diligent urologist and robotics surgeon, Dr. Ney joined Urology of Indiana in 2005. He sees patients in many offices around the Indianapolis Metropolitan area, including Carmel, Fishers MedTech Park, Greenfield - Hancock Regional Health, and Naab Road.

The doctor's special areas of interest include laparoscopic techniques in urologic surgery, including robotic radical prostatectomy and advanced prostate cancer therapies.

Originally from Fort Wayne, Indiana, Dr. Ney received his Bachelor of Science degree from Purdue University. He then went on to earn his medical degree from the Indiana University School of Medicine in 1986.

Furthering his training, he served his internship and residency in urology at the McGaw Medical Center of Northwestern University.

Improving standards and promoting competency in the practice of urology, Dr. Ney is a Diplomate of the American Board of Urology. The mission of the ABU is to act for the benefit of the public by working with certified urologists to achieve lifelong learning to ensure the delivery of high-quality, safe, and ethical urologic care.

Advocating for a specific, shared purpose, he is a member of both the American Urological Association and the Indiana State Medical Association.

Licensed to practice medicine in Indiana, Dr. Ney is affiliated with Naab Road Surgery Center, Ascension St. Vincent Carmel, Ascension St. Vincent Hospital Indianapolis, Community Hospital East, Community Hospital North, Hancock Regional Hospital, Indiana University Health Medical Center, Indiana University Health North Hospital, and Witham Health Services-Lebanon.

Urology is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.

On a more personal note, Dr. Ney is married and has three children.
