The up-and-coming adroit music artist on the hip-hop horizon Nino Khayyam has released the official music video of his groovy new single ‘StatUe Of LiBeRty’.

**New York City, May 31, 2023 (IssueWire.com)** - A simmering brew of sharp bars, groovy hi-hats, and a clear sense of identity, the newest release by the talented music artist **Nino Khayyam**, [‘StatUe Of LiBeRty’](#) brings an exemplary fusion of contemporary effects with a quirky yet classic production. The inherent authenticity and style of the artist shine through in each verse as he brings to light his innovative creative genius in the official music video of the song, creating a memorable audio-visual experience for the audience.

The song introduces itself with a notable high, meandering its way into a soundscape of immersive bass with a raw overtone that gives it a genuine indie feel. Searing through the trippy sound design is the distinct vocal quality of the artist that pours out in an upbeat freestyle rhythm, and delves deep into the psyche of the listeners, taking them on a mellifluous journey through his intrinsic flair for storytelling. There is an explicit note of personal reflections, giving the verses a contemplative note that adds to the emotion the artist wishes to convey through the lyrics and forms one of the central characters of the sound. The impressive wordplay and imagery, interwoven with clever and quirky references, add to the sublimity of the lyrics and helps the artist connect better with the audience.

One of the most striking aspects of the release is the captivating concept of videography that forms the backbone of the charm that the production holds: from the yellow scarf to the iconic pink Crocs to the consciously chosen locations in Coney Island, including the empty spots and alleys that reminds one of the original street style hip-hop, every detail is included keeping in mind the tone of the song and the effect the artist wishes to produce in his audience and each of these help in setting the mood of the track, and therein lies the beauty of **‘StatUe Of LiBeRty’**. The strength of the performance and the confidence that the artist exudes shine bright in the video which emphasizes freedom and being present in the moment.
