

Asia's Youngest DJ, Prithvi Sai, Celebrates 15 Years in the Music Industry.

Prithvi Sai, who started his career as a DJ in 2008, at the age of 10, celebrates 15 years of a remarkable journey.

Hyderabad, Telangana Jun 13, 2023 ([IssueWire.com](https://www.issuewire.com)) - The rise of the electronic dance music culture over the global landscape leaves no question that India, with one of the highest youth populations, is among the top countries to become the central hub for EDM music, and that is proving to be true as it is home to the region's youngest EDM DJ, [Prithvi Sai](#), who has recently completed a successful decade and a half in the industry at the age of 25.

The reigning Emerging Best EDM Artist in Asia and the Top Indian DJ began his journey at 10 in 2008. He uncovered his profound devotion to music, especially blending classical masterpieces with modern sounds. It was the very moment the fate of the youngest Asian DJ was determined. Following where his heart led him, he pursued the ignited flame of producing music within him, which shaped his musical journey in the coming years. Fifteen years of success in the industry speak volumes about his hard work and dedication.

Hailing from Hyderabad, Telangana, Prithvi's approachable, engaging, and charismatic personality was welcomed wholeheartedly by audiences; by 11, he had become the baby face main eventing in top clubs from Chandigarh to Cochin. 'I don't recall stopping once I started playing at the age of 10; it has to be that level of obsession for anyone to make it to the top,' expressed Prithvi at the celebration party. At just thirteen, he had an international album, Master Blast, to his name. The DJ has composed music for the great Indian actor, politician, director, and philanthropist Power Star Pawan Kalyan.

Prithvi rendered his services for the film Login remixing three songs at the age of 14. Also, the official DJ

of the Spinland Music Festival in 2016, he has had the rare privilege of sharing the stage with big names in Indian music early in his career. He has collaborated with Honey Singh, Arijit Singh, Aly & Fila, Heat Hunterz, Marnik, and Gregor Salto, among many other acclaimed artists. Prithvi Sai also mastered Bollywood Music. His mixes are quite popular all over India in party circles, which left the audience in a frenzy.

'Learning from the legends I admired has been a game changer. There is no one better out there than them to learn from. My music is a reflection of the music gurus who have helped shape my musical journey. At the same time, I contain my unique style and persona,' Prithvi added when speaking about the working experience with world-renowned artists.

Undoubtedly, he is the number one choice to be featured at parties across India and has created a worldwide fan base. 'I have one aim: to take Indian music wherever I go; there is none like it,' Prithvi spoke of his future plans in the industry.
