GUILTY OF NOTHING

"...the details that are included for the case and its proceedings are a good example of how the law can be turned upside down and how easily someone's life can be taken from them when the law ends up hurting the people it is supposed to protect."

KEVIN KING

Wilmington, Delaware Jun 22, 2023 ([IssueWire.com](https://www.IssueWire.com)) - According to the National Registry of Exonerations, around 40% of wrongful convictions in the United States are for murder. These cases can result in severe psychological distress for the accused, including post-traumatic stress disorder (PTSD), depression, and anxiety. The psychological impact can be particularly devastating for those who are wrongfully convicted of murder and spend years or even decades on death row. Studies have shown that the trauma and stress of wrongful conviction can have long-term effects, with many exonerees experiencing ongoing mental health challenges even after they are released.

Kevin King explores this arena to provide more insight into the experiences of wrongfully accused individuals and why we should not bear prejudice against every incarcerated person.

Guilty of Nothing provides readers with the thrilling story of Bill Eck, a man who receives the brunt of a crime he did not commit. The evidence is convincing but not enough to ensure a guilty verdict.

Set against the backdrop of a small town where a serial killer is on the loose, "*Guilty of Nothing*" is a page-turner that keeps readers guessing until the end. The protagonist's exceptional ability to bet on winning horses earns him many enemies. When he is found unconscious at the racetrack with evidence of the murders in his hand, he is charged with the crimes. Despite being unable to recall the events that led to his arrest, the police, and townsfolk are convinced of his guilt, leaving Bill at the mercy of a judge.

In "*Guilty of Nothing*," Kevin King provides readers with a gripping story but also takes a critical look at the flaws in the justice system. The novel highlights the loopholes in the justice system and the need for more comprehensive investigations to ensure justice.

"*Guilty of Nothing*" is a must-read for anyone who enjoys a thrilling crime story with a deeper message. The book is available for purchase in all leading bookstores and online retailers. Don't miss out on this compelling and thought-provoking novel.

About the Author

Kevin King was born on the fall day of the 1960s. He went to Christ the King Grade School and Griffin High School and graduated. Then, he went to Lincoln Land Community College and Western Illinois University majoring in accounting. His family thought he would be a good accountant and would be happy with it because he was good at Math. But he quickly found out that he wasn't to be an accountant. He instead followed his college girlfriend's advice and started writing poems and books.

In 1993, my first novel "Corruption" was published by Vantage Press, after such, tried to be a poet and had 20 poems published by the International Society of Poets, National Library of Poetry, and Quill Books. In 2008, he had his second book "Guilty of Nothing" published with Vantage Press but went out of business shortly after the book was published. He then republished the book with Authorhouse. In 2009, he won the Cambridge Who's Who Professional of the Year Award for popular fiction for his book "Guilty of Nothing". In 2017, his third novel "Battle of Armageddon" was published by Christian Faith Publishing.
