Houston, Texas Jun 12, 2023 (Issuewire.com) - Cambay Healthcare is glad to announce that it participated in the AONL Annual Conference 2023 on May 1–4 in Anaheim, California, and it was a huge success. Meeting our counterparts in the industry was a lot of fun and a learning experience. We had attendees not just from California but from all around the United States. We'd like to share some of the stories and discussions that emerged from our interactions in the field of travel nursing. This annual conference is one of the foremost events in our industry and brings together and blends the presence of leaders, innovators, and experts from all over the world.

Some attendees claimed this year to have witnessed almost a twofold increase in the overall number of attendees in comparison to last year. This increase was largely the result of attendees coming out of the pandemic year with renewed vigor. With the overall increase in demand for travel nurses, the conference witnessed a significant increase in both job seekers and staffing agencies. Travel nurses aren't hesitant to demand what they are entitled to. A deeper grasp of the healthcare sector as a whole and of the experiences traveling nurses endure while on assignment is required by staffing companies.

Cambay Healthcare was approached by several prospective attendees and queried about diverse topics. Travelers told us some of the most interesting stories, and we were grateful for their friendliness and openness toward us. Several attendees inquired about the requirements, processes, and benefits of being associated with Cambay Healthcare. The number of queries was diverse, and so were our

responses. They were more than happy to have approached us. We confidently tackled their every concern and query. We were delighted and felt honoured to have clarified their doubts.

"As a leading healthcare company, we were very excited to participate in AONL **2023**; it was a great opportunity to connect with other like-minded healthcare professionals," said **Brad Nation, CEO at Cambay Healthcare**. "We are one of the fastest-growing industries, and it's always good to learn from the best and brightest people in the industry and share our own experiences and insights."

Brad Nation, CEO at Cambay Healthcare, said "We're excited to impart our own knowledge and expertise as well as our diverse experiences while reciprocally learning from the finest and most vibrant in our field".

AONL 2023 has proven itself to be a fabulous conference that gave us a great understanding of what travel nurses need and want. We've given it a lot of consideration as to how we can improve it for our travel nurses.

We appreciate the American Organization for Nursing Leadership (AONL) for organizing such an amazing event. We eagerly await the next one!

About Cambay Healthcare:

[Cambay Healthcare](https://cambayhealthcare.com/) is a nationwide healthcare staffing organization that specializes in recruiting, organizing, and managing committed teams of extraordinarily talented and competent healthcare professionals to supplement your in-house resources. With a commitment to providing our patients with skilled and experienced healthcare professionals who put the delivery of outstanding services first. Cambay believes in client satisfaction.
