

Global Trade Plaza Announces Strategic Collaboration With SGS Company

Step Towards Become The Best B2B Marketplace

GLOBAL TRADE PLAZA

Most Trusted B2B Marketplace

Kanpur, Uttar Pradesh Jun 27, 2023 ([Issuewire.com](https://www.issuewire.com)) - They say "Collaboration is the key that unlocks the door to success. Together, they will navigate challenges, leverage collective expertise, and create remarkable outcomes." As they just linked their hands with SGS, the top testing, inspection, and certification organization in the world, I suppose that Global Trade Plaza, the most reputable [best B2B marketplace](#), heard this quotation.

For B2B clients, their partnership is the sheer pleasure of advantages. Through this partnership, GTP, a B2B portal for import export is creating a new path to unmatched trust-building and offering premium quality to their services. SGS is only doing its duties to certify and validate the organization that is deserving of the trademark for its superior services.

Through this partnership, organizations will have access to a wide range of advantages, including simplified procedures, improved quality control, and access to SGS's large network of specialists. Global Trade Plaza can give companies the resources and insights necessary to succeed in today's cutthroat global economy by utilizing SGS's state-of-the-art technology and sector-leading knowledge.

By confirming new and alternative sources, SGS ValiTrade helps you to: Expand and diversify your supply chain. Utilize reputable local dealers to enter new international markets. Increase revenue by giving clients more confidence thanks to SGS-performed verification.

The ValiTrade project will be used in this project to offer specialized and pre-planned on- and off-site trading party verification. It marks a significant advancement in terms of the verification of trading partners and the items offered through GTP's [global b2b trading platform](#). GTP will be able to provide trading partners with top-notch risk management, fraud detection, and quality control services for all online transactions by utilizing SGS's expertise.

Transparency is made possible across the whole supply chain by the ValiTrade program. Trade parties should anticipate total visibility and real-time reporting, thus enhancing the platform's reputation for credibility. The vast worldwide trading network of GTP will be further strengthened by our substantial global operations and network.

About Global Trade Plaza:

Global Trade Plaza is the best b2b marketplace that is ISO 9001:2015 certified. They give businesses, such as manufacturers, exporters, and wholesalers, several chances to network with other businesses and corporations worldwide. They serve as the critical link connecting B2B suppliers and customers. Discover a world of opportunities at their B2B wholesale marketplace, where businesses come together to thrive, connect, and expand their reach."

The most reliable and SGS-certified B2B platform, Global Trade Plaza was established to offer and improve service quality and user experience for B2B enterprises. With SGS certification, GTP establishes an innovative and trustworthy solution to advance your company's operations and expedite transactions. With this partnership, things that traders and exporters thought were impossible were attainable, and Global Trade Plaza became a fantastic example of a B2B multi-vendor marketplace while also earning the trust of its consumers.
