

## **Charles O. Turk, DO, FACS, a Urologist with Associated Urological Specialists**

Get to know Urologist Dr. Charles O. Turk, who serves patients in Orland Park, Illinois.

**New York City, New York Jul 26, 2023 ([IssueWire.com](https://www.IssueWire.com))** - With an unwavering dedication to the field of urology for over 35 years, Dr. Turk is affiliated with Associated Urological Specialists in Orland Park, Illinois. He specializes in minimally invasive treatments for urologic cancers, including those affecting the prostate, kidney, bladder, and testis. He has embraced cutting-edge techniques that allow for precise and effective treatment while minimizing patient discomfort and recovery time. Additionally, he is an expert in using minimally invasive procedures to address kidney stones, benign prostate disease, and urinary incontinence.

Men seeking help with sexual performance issues, low testosterone levels, infertility, and sterilization find solace in his discreet and comprehensive approach. With a compassionate and understanding manner, he ensures that patients receive the best possible care and support in their unique situations. Similarly, female patients with diverse urologic conditions, including incontinence, benefit from his expertise and personalized treatment plans.

One of Dr. Turk's secrets to success is his dedicated support staff, who have amassed decades of experience in the field of urology. Combining professionalism with compassion, they create a warm and welcoming environment for every patient who walks through the door.

Before embarking on his professional journey, he earned his undergraduate degree from Indiana University and graduated with his Doctor of Osteopathic Medicine degree from the Chicago College of Osteopathic Medicine. He then went on to complete his residency in urology at the Michael Reese Hospital and Medical Center.

Recognized as a Fellow of the American College of Surgeons (FACS), Dr. Turk's exceptional expertise and commitment to patient well-being have earned him certifications from both the American Board of Urology and the American Board of Osteopathic Surgeons.

In order to remain up to date in his field, he is an active member of the American Urological Association, the American Osteopathic Association, the American College of Osteopathic Surgeons, and the North Central Section of the American Urological Association. He also served as the past president of both the Chicago Urological Society and the Illinois State Urological Society.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.

Beyond the hospital and clinic walls, Dr. Turk enjoys a vibrant life outside of medicine. A lover of outdoor activities, he finds relaxation and joy in pursuits like golf, sailboat racing, and downhill skiing. These passions not only enhance his well-being but also contribute to his ability to approach patient care with a balanced and focused mindset.
