

Rylan Holub, DC, a Chiropractor with Elite Family Chiropractic

Get to know Chiropractor Dr. Rylan Holub, who serves patients in Spring, Texas.

New York City, New York Jul 25, 2023 ([IssueWire.com](https://www.IssueWire.com)) - Dr. Holub is a board-certified chiropractor who is well-known in the Texas area. He offers a wide range of services designed to address various musculoskeletal issues and promote overall wellness. These services include spinal adjustments, cold laser/low-level laser therapy, soft tissue therapy, custom orthotics, rehabilitative exercises, nutritional counseling, and lifestyle recommendations.

Moreover, he believes in empowering individuals with knowledge about their bodies and the benefits of proactive healthcare. He answers questions, provides guidance, and offers resources to support his patients' overall wellness.

After graduating from Tomball High School, Dr. Holub pursued his passion for chiropractic by attending Parker University. He earned his Bachelor of Science in Anatomy in 2021, laying the foundation for his understanding of the human body and its intricate workings. Driven by a desire to expand his knowledge and skills, he completed a 220-hour Animal Chiropractic Program through Parker University in 2022, allowing him to offer specialized care for animals as well.

During his clinical internship, he demonstrated exceptional clinical excellence, showcasing his dedication and passion for chiropractic care. In April 2023, he graduated Cum Laude with his Doctor of Chiropractic degree, marking a significant milestone in his professional journey.

Passionate about his profession, the doctor is board-certified by the National Board of Chiropractic Examiners (NBCE), which is a non-profit national and international testing organization for the chiropractic profession that develops, administers, analyzes, scores, and reports results from various examinations.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo, and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.
