What dark secrets are being kept behind the castle walls?

Grace Haythorpe's family has claimed for generations that they're somehow related to the scandalous Trengrouse clan who live in Godwyne Castle. Grace thinks their history would make a great book and hopes to earn some money from this project.

But after a promising start, events take a dark turn when the head of the Trengrouse family dies under suspicious circumstances. Should Grace keep trying to unlock the layers of secrecy around this eccentric clan? Or does she need to flee for her life?
