

A Fungible Token That Redefines Crypto Culture - VoldemortTrumpRobotnik-10Neko

A symbol of the degen counterculture movement, redefining crypto with its innovative fusion of art, community, and creativity.

The logo for Schizocurrency Token features the word "SCHIZOCURRENCY" in a bright green, bold, sans-serif font, and the word "TOKEN" in a light blue, bold, sans-serif font. Both words are underlined with a thin line of the same color as the text. The logo is set against a black background within a grey rectangular frame.

Olympia, Washington Aug 10, 2023 ([IssueWire.com](https://www.issuewire.com)) - Digital assets and tokens are now dominating the digital space with new introductions every now and then! In such a scenario, the emergence of a crypto-asset that captures the spirit of a cultural upheaval is certainly a rare occurrence.

Introducing VoldemortTrumpRobotnik-10Neko, a ground-breaking schizocurrency which is like a beacon of the degen counterculture movement on the Ethereum blockchain.

Meme Generation at Its Best:

Created by the enigmatic artist Schizocurrency, the VoldemortTrumpRobotnik-10Neko token has quickly become a revolutionary force in the crypto realm.

This distinctive fungible art token defies convention by embracing meme culture and incentivizing its creation. Operating under a refreshingly unique premise, the token boasts a 0% buy tax and a 1% sell tax.

The proceeds shall be allocated towards burned liquidity pool creation and marketing funds. This token is solely for the purpose of entertainment.

A Community Driven Approach:

The ethos of ETHEREUM revolves around the idea of fostering a community that vibrates with shared energy. Now, this is well revealed by its slogan - "ETHEREUM: We vibrate harder, erect together,"

The Artistic Contribution:

Schizocurrency's artistic prowess is undeniable. It is already known in the NFT space with previous collections like Scroto Schizos and Tinubu Demons. These are both available on esteemed platforms like OpenSea and Blur.io.

The lore of ETHEREUM is further celebrated through sold-out collections like Madness of the Touched and Sacred Texts. At the moment, Schizocurrency offers an opportunity to mint the latest NFT collection, the captivating 3D Scrotos.

ETHEREUM's Meteoric rise – Look at The Numbers:

- Number of Holders - 542 holders
- Traded – 8320 times
- The total liquidity, valued at approximately \$150,000 USD. This includes 40 WETH - 85% locked until June 9, 2024.

In a world that often gravitates towards seriousness, VoldemortTrumpRobotnik-10Neko (ETHEREUM) is a refreshing reminder of the potential for lightheartedness within the crypto space.

The token's devotion to community engagement, artistic expression, and long-term commitment sets it apart as an embodiment of the degen counterculture movement.

Whether it's the engaging meme content or the captivating NFT collections, VoldemortTrumpRobotnik-10Neko speaks to the unbridled enthusiasm and innovation of the crypto community.
