

Accuride Drawer Slides: The Architects' Preferred Choice as the Company Takes Part in \$9.7 Billion Worth of Projects

Reported by Construction Connect from 2020-2023

Santa Fe Springs, California Aug 2, 2023 ([IssueWire.com](https://www.issuewire.com)) - Accuride Slides: The Architects' Preferred Choice as the Company Takes Part in \$9.7 Billion Worth of Projects from 2020 to 2023, as reported by Construction Connect.

Accuride, a leading provider of premium drawer slides and movement solutions, has emerged as the top choice of architects worldwide, specified in a remarkable \$9.7 billion worth of projects from 2020 to 2023. Consistently delivering high-quality, durable, and efficient drawer slides is why architects trust the Accuride brand.

Architects have come to rely on Accuride slides for their exceptional performance, smooth functionality, and versatility across various applications. The company's product range caters to multiple projects, from residential and commercial spaces to industrial and institutional developments. Whether kitchen cabinets, office furniture, or medical equipment, Accuride slides consistently provide seamless motion and reliable support.

"We are thrilled and humbled by the overwhelming support and trust shown by architects who specify Accuride products in their projects," said Sid Kalantar, Sr. Vice President of Sales and Marketing. "Our team's unwavering commitment to innovation, reliability, and customer satisfaction has been pivotal in reaching this milestone."

As Accuride continues to raise the bar in drawer slide technology and movement solutions, architects can be confident in their choice when specifying Accuride products in their designs. The company's ongoing dedication to research and development ensures that it will remain at the forefront of the industry, driving innovation and setting new standards for excellence.

About Accuride:

Accuride is a global leader in designing and manufacturing premium drawer slides and movement solutions. With a rich history spanning over 60 years, the company has become synonymous with quality, precision, and customer satisfaction. Their commitment to innovation and sustainability has earned them the trust of architects worldwide.
