**New York City, New York Aug 3, 2023 ([Issuewire.com](https://www.Issuewire.com))** - A skilled orthopedic surgeon, Dr. Mintzer is

renowned for his expertise in minimally invasive arthroscopic surgery of the knee and shoulder, along with his exceptional contributions in sports medicine. He is currently affiliated with the Orlando Health Jewett Orthopedic Institute, working with patients in both Winter Park and Orlando, Florida.

With an impressive academic background and extensive experience, he has become a leading figure in the field of orthopedics. His educational journey began at Harvard Medical School in Boston, Massachusetts, where he earned his medical degree. During his time at Harvard, he underwent rigorous training, completing residencies in both orthopedic surgery at Harvard's combined orthopedic surgery program and Children's Hospital.

To further refine his skills, he pursued a specialized fellowship in arthroscopic sports medicine at New England Medical Center/Tufts University, where he gained valuable insights into cutting-edge techniques for treating sports-related injuries. To complement his medical expertise with business acumen, he pursued a master's in business administration (MBA) from Florida State University in Tallahassee.

As a testament of his continued education, the doctor is board-certified by the American Board of Orthopedic Surgery, and holds a subspecialty certificate in orthopedic sports medicine. His active involvement in professional organizations, including the American Academy of Orthopaedic Surgeons and the Professional Soccer Physicians Society, demonstrates his commitment to staying at the forefront of medical advancements in his field.

Impressively, Dr. Mintzer serves as the chief medical officer and head orthopedic surgeon for the renowned Orlando City Soccer Club and the Orlando Pride, underscoring his prominence in the world of sports medicine. His expertise in sports-related injuries led him to serve as the former head team physician for the Orlando Magic, where he dedicated 18 years to ensuring the health and well-being of the players.

Beyond professional sports, he is deeply committed to providing healthcare services to the community. He serves as the head team physician and orthopedic surgeon for Rollins College and Winter Park High School, where he actively contributes to the wellness and athletic performance of student-athletes.

Orthopedic surgery is the branch of surgery concerned with conditions involving the musculoskeletal system. Orthopedic surgeons use both surgical and non-surgical means to treat musculoskeletal trauma, spine diseases, sports injuries, degenerative diseases, infections, tumors, and congenital disorders.
