MAX ENTERTAINMENT wraps principal photography in NJ and PA

**San Pedro, California Aug 17, 2023 ([IssueWire.com](https://www.issuewire.com))** - M.A.X. Entertainment and Martial Arts Xperience releases its new promotional poster for its upcoming film "Killer Ex". The film wrapped its principal photography in New Jersey and Pennsylvania back in June and released a few movie stills last month. Now "Killer Ex" is set to make waves with its new movie poster. The poster features its main character Victor Reyes as he looks focused, battle tested and action ready. There are very carefully placed background scenes located behind him depicting some of the villains and trouble he will face. Newcomer Jose Luis Torres II plays "Victor" who is a retired former assassin turned family man who gets pulled back into his former life when his ex-assassin girlfriend pops back up with a slew of assassins after her.

Movie posters are as integral as trailers in the film industry, communicating the theme, idea, and elements of a movie in an appealing visual format. The new "Killer Ex" poster promises to draw audiences to see the film because of its striking layout and color scheme says director Jim Towns.

It portrays an artful blend of suspense and action, stimulating interest and evoking curiosity. The poster magnificently encapsulates the action genre of the movie, featuring elements indicative of danger, such as fight scenes, dimly lit backgrounds, and unmistakably iconic typography.

Director Jim Towns' latest feature promises to be a dramatic and action packed ride. "Killer Ex" is slated for a February 2024 Release.
