

Safety, Control, and Choice: WTK Token is Now Listed on its First DEX: Uniswap V3!

Singapore, Singapore Aug 10, 2023 ([IssueWire.com](https://www.issuewire.com)) - The moment we've all been eagerly awaiting has finally arrived! We are thrilled to announce that [WTK Token](#), the innovative digital asset designed to revolutionise the digital currency landscape, is now officially listed on [Uniswap V3](#), making its grand debut on a major decentralized exchange (DEX). Exciting milestone marks a significant step forward in our mission to empower users with safety, control, and freedom.

[Uniswap V3](#) is renowned for its cutting-edge technology and user-centric approach, making it the perfect platform for WTK Token to flourish. We are proud to bring this opportunity to our community of supporters and digital currency enthusiasts, as it enables them to participate in the liquidity pool and reap the benefits of a share in fees. Additionally, WTK Token holders can now enjoy seamless trading options catering to a wide range of investment strategies.

[Mr. Stas Madorski](#), Senior VP, Blockchain Strategy at WTK Token, shared his thoughts on the momentous listing, saying, *"The listing of WTK Token on Uniswap V3 is a significant milestone for us and the wider digital currency community. We believe that by offering this new utility token on such a reputable and decentralised exchange, we are providing our users with greater opportunities to take control of their transactions."*

The WTK Token team team has worked tirelessly to ensure the utmost security and efficiency for our users. With Uniswap V3's robust infrastructure and WTK Token's advanced blockchain technology, we guarantee a secure and transparent trading experience. Our priority has always been the safety of our

community, and this listing on Uniswap V3 further cements our commitment to providing a secure ecosystem This for all our users.

As we embark on this exciting journey, we extend our heartfelt gratitude to our ever-growing community for their unwavering support. WTK Token would not have reached this milestone without you, and we are immensely grateful for your trust in our vision.

"We are excited about the future of WTK Token and its potential to transform the payments landscape. As we continue to innovate and grow, we invite everyone to be a part of this thrilling journey," added Mr. Madorski.

About WTK Token:

WTK is a utility token launched in 2020 that will power and serve as the backbone for the upcoming WadzPay Proof-of-Authority Blockchain. It aims to revolutionize the world of payments.

About Uniswap:

Uniswap is a decentralized exchange that utilizes smart contracts to facilitate trade on its exchange. As an open-source project falling into the category of DeFi (Decentralized Finance), Uniswap empowers users with direct control over their assets, fostering a more inclusive and accessible financial ecosystem.
