

## StudioLX Makes Bathroom Makeovers Easy, Fast and Affordable During its Summer Sale

**Northbrook, Illinois Aug 16, 2023 ([Issuewire.com](https://www.issuewire.com))** - Renovating and updating the bathroom is one of the most popular home projects and the summer sale continues. [StudioLX](#), owned by Andre Jouran. The company is helping individuals create changes in their homes that are beautiful and functional, with affordable prices, an extensive selection of products, and pay-as-you-go financing.

Everyone should consider high-end [frameless pivot shower doors](#), even if they're not remodeling. The doors are designed to swing open to the right or left and are available in a wide range of sizes, colors, and glass options. They're especially beneficial for those with mobility issues. The doors operate without a track at the bottom and the glass is thicker than in traditional shower doors.

Few people realize the difference a new vanity can make in their bathroom. A [Blossom bathroom vanity](#) accommodates a wide range of needs and adds a touch of class. The company has thousands of options from which to choose that includes single and double sinks, freestanding and floating styles, and a wealth of colors and wood tones. The vanities provide plenty of storage space and can be paired with numerous lighting and mirror selections.

The tempered glass of a [bathtub frameless shower](#) enables anyone to eliminate inconvenient shower curtains that must be replaced periodically and can be unsightly. A frameless shower features a modern appearance and doesn't require metal framing to support functionality.

They're also known as frameless showers and can be added to any bathtub.

Frameless showers are safer than other glass shower doors. If they break, they don't shatter and fall to the floor. The shower glass will break into little pieces that remain in the frame, much like a car windshield in an accident.

During the summer sale at StudioLX, shoppers can take an additional 10 percent off their order. Customers receive free shipping with the promo code on the website. Individuals can also sign up to receive special deals and instant coupons.
