

## Upcoming Korean Drama "Pretty Lies" Postponed Due to Actor's Health Condition

The Korean drama was set to be released in October 2023.

**Sydney, New South Wales Aug 12, 2023 ([Issuewire.com](https://www.issuewire.com))** - The Release of the Korean drama "Pretty Lies" is postponed to 2024 due to one of its actor's poor health conditions.

Canadian actor Saint Von Colucci is currently undergoing mental treatment at a facility in Ontario, Canada, due to anxiety and panic attacks caused by malicious rumors spread online about his persona.

The filming for the production started in early 2022, and it was set to debut on a major USA streaming network late this year, but it is currently put on hold with an uncertain date.

"Pretty Lies" is a science fiction coming-of-age drama set in South Korea and Japan.

A K-POP boyband is set to debut from the drama into real life and go on tour in multiple countries in the following years.

A new date of release will be announced soon.
