

Valley Ridge Dental Centre is Recognized as a Leading Dental Practice in NW Calgary For Patient Satisfaction

Calgary, Alberta Aug 30, 2023 ([IssueWire.com](https://www.issuewire.com)) - At Valley Ridge Dental Centre, our [dentist in NW Calgary](#), offers all the services required to assist with preventative dental care, emergency dental services, therapeutic procedures, and different cosmetic dentistry alternatives to guarantee you adore your smile for years. They also attempt to provide all this in an environment that consistently delivers outstanding patient care.

Visit <https://www.valleyridgedentalcentre.com/> for detailed information.

Thanks to these newly announced services, patients will no longer need to go outside the city to experience the most recent innovations in dental treatments. They are available in addition to more typical operations such as dental cleaning, bridges, crowns, implants, and veneers, making the dental facility one of the most extensive service providers in the area.

"Our mission continues to support all patients to achieve optimal health and longevity via everyday

healthy activities," say, Dr. Gosia Morley and Susan Nghiem, two lead dentists at Valley Ridge. Their dedication to their patient's health is reflected in the time these oral wizards contribute to addressing each patient's concerns, one tooth at a time!

The dental clinic is for all patients, as the services are priced thoughtfully. Namely, you can get an Invisalign treatment for as little as \$250 per month. Furthermore, dental care is facilitated on two alternate Saturdays monthly to help patients integrate oral health with hectic work schedules.

Dr. Robert Jost conveys, "Valley Ridge Dental Centre is committed to providing all its patients with the treatment they require when they require it." At the same time, Dr. Jess McKie believes, "Investing in each patient sufficiently to ensure their dental health is what all the dental clinics should do, and the best part is that ours has already been doing it for years!"

The clinic constantly invests in each patient to safeguard their dental health and provide the best alternatives and solutions. Passion for exceeding expectations drives this, especially regarding each patient's health and well-being. It frequently results in fantastic service reviews for the dental centre, which they are always glad about.

Patients can rely on Valley Ridge Dental Centre for specialty treatments such as teeth whitening and veneer installation to improve the appearance of their teeth. Cosmetic aligners are also available at the clinic for people seeking a more visually appealing alternative to regular fixed braces.

Patients can also call the clinic for preventive dental care. Perfect Smile Dental Services ensures patients have the high skill level needed to preserve optimum oral and dental health, from periodic examinations to more challenging treatments such as wisdom tooth extraction.

Dr. Mylene created the clinic 20 years ago, and it has maintained its reputation to this day. If you are convinced about what the dental care centre can do for you and have related concerns, call **(403) 202-2266** to schedule a consultation.

Further, if you need assistance, email your questions to info@valleyridgedentalcenter.com, and a qualified team member will get back to you with a resolution. The dental team receives all its patients with open arms, whether existing or new. Visit them at 11245 Valley Ridge Dr. NW, Suite 204, Calgary, AB T3B 5V4, Canada, at your convenience.
