Manila, Luzon Sep 13, 2023 (Issuewire.com) - Authors Press proudly announces the release of the compelling new book, "The Little Girl Who Became a Giant" by acclaimed author and consultant, Francis Pitard.

"The Little Girl Who Became a Giant" reevaluates history with a narrative based on true events and

accurate historical details. The book explores the profound impact Joan of Arc had on the world. Without her, France would have remained just a British colony. Her existence sparked inspiration for the French Revolution, the American Constitution, and ultimately, the symbol of American freedom, Lady Liberty.

This 70-page paperback encapsulates a year in the life of seventeen-year-old Joan of Arc. It will make readers rethink the world as we know it, by demonstrating the significance one person can have on the trajectory of history.

Author Francis Pitard, with his rich experience in consulting, education, and storytelling, carefully weaves a narrative that is as engaging as it is enlightening. Dr. Pitard, a recipient of the prestigious Pierre Gy's Gold Medal, has a proven track record in authoring several textbooks on Sampling Theory and Practice, historical novels, and biographies.
