Spy Hill Dental Clinic employs a welcoming dental team that gives personalized attention to every patient who walks through their doors. Their Calgary-based dental practice remains dedicated to assuring excellent oral health for life as a collaborative facility with a trained and united team.

Every team member brings special skills and knowledge to the table to meet the unique demands and care of each patient.

Spy Hill Dental Centre accepts all insurers while trying to accommodate emergencies or last-minute appointments and adheres to the Alberta Fee Guide for 2021. Quality dental care is all that we believe in. Following that, our dental team extends sedation options to all patients to guarantee maximum comfort and pain-free treatments.

Spy Hill Dental has an excellent Google rating of 4.9 stars, with many praising its welcoming atmosphere and Dr. Richard's wonderful approach. "Blown Away by Spyhill Dental, I was initially nervous to take my two kids (under 4) to the dentist, but the team here was incredible, super friendly, and explained the tools to my kids. Thankful to them," a user wrote.

Another satisfied patient and reviewer posted,

"This is honestly one of the best dental offices I've ever been to. Every single member of staff is kind and friendly, and leaves you feeling that they genuinely care. The cleaning is thorough, done respectfully, and uses some newer technology.

An extra bonus is that you can book in advance for an evening appointment so you don't have to miss time from work, allowing for more flexibility. I had been avoiding going to the dentist before finding this clinic due to some previously poor experiences elsewhere. If that's holding you back, I recommend

contacting Spy Hill Dental. Worth it!"

Please contact the clinic by phone or email to find out how they can help, even if it's just guidance. Dial 403-241-2961 or write and send your dental concerns to info@spyhilldental.ca at the earliest.
