

## Flaamy Equo Portable Combustion Eco Oven launches on Kickstarter

Innovative Startup Flaamy Unveils a Culinary Masterpiece That Blends Italian Craftsmanship with Cutting edge Technology

  
**Enjoy anywhere - from homes  
to hot springs**

**Cosenza, Calabria Sep 14, 2023** ([IssueWire.com](https://www.issuewire.com)) - Flaamy, the pioneering startup dedicated to creating innovative and sustainable cooking and heating solutions, has proudly announced the launch of its [Kickstarter campaign](#) for its revolutionary product, the Flaamy Equo. As the world's first portable combustion eco-oven, Flaamy Equo represents a groundbreaking fusion of cutting-edge technology and environmental responsibility.

Founded with a mission to combine innovation and sustainability, [Flaamy](#) has set a Kickstarter goal of \$27,173 to be reached by September 28, 2023. By embracing a circular economy approach and advocating for open innovation, Flaamy aims to revolutionize the cooking and heating industry while contributing to a greener and more sustainable future.

Flaamy's co-founders express their excitement about the campaign: "Flaamy Equo is more than just an oven; it's a cooking revolution. We've designed it deeply committed to our planet's well-being, offering a compact, portable solution that generates exceptional culinary experiences while minimizing its carbon footprint."

Flaamy Equo boasts an array of exceptional features, including an EASY-FLAME burner for precise and efficient cooking, a 90% reduction in fine dust emissions, and ceramic fiber insulation that eliminates the risk of contact burns. Crafted with precision, Equo features a spacious 43 cm x 43 cm cooking chamber and boasts a remarkable maximum temperature of 500 degrees Celsius. Weighing under 30 kg and equipped with a detachable cart, this portable pellet oven guarantees delicious meals whether the user is camping, picnicking, or hosting a gathering.

"Flaamy Equo embodies our dedication to both the environment and culinary excellence," says Giuseppe Mandaglio, the Co-Founder and Production Manager. "By choosing Equo, you're getting a versatile cooking companion and contributing to a more sustainable world."

Flaamy's [Kickstarter campaign](#) offers backers a range of enticing perks that cater to various preferences and budgets. Early supporters can secure their Flaamy Equo at a discounted rate, ranging from the Super Early Bird option at €780 to the Kickstarter Special Bundle at €1,988. Each reward tier has unique offerings, including Flaamy T-shirts, bundle deals, and substantial discounts off the retail price.

"We wanted to provide backers with perks that reflect our gratitude for their support," explains Biagio Mandaglio, Co-Founder and Brand Manager. "These exclusive rewards allow backers to experience the magic of Flaamy Equo at an exceptional value."

Flaamy invites backers and cooking enthusiasts to join their [Kickstarter campaign](#) and participate in this innovative movement. By pledging support, backers will secure their very own Flaamy Equo and become an integral part of the Flaamy community, sharing a passion for both culinary excellence and sustainable solutions.

"Flaamy Equo represents a fusion of tradition and innovation, with Italian craftsmanship meeting cutting-edge technology," says Michelangelo Rosarno, Co-Founder and Business Advisor. "Join us in transforming the way we cook and embracing a greener, more flavorful future."
