

FREE Photo Enlarger is Exclusively Offered for Everyone in Leawo's 2023 Autumn Sales to Enhance Images to Higher Quality

Until October 15, 2023, Leawo offers \$39.95 Photo Enlarger for free in autumn sales, 50% off PhotoIns and other products with up to 92% off.

Shenzhen, Guangdong Sep 26, 2023 (Issuewire.com) - Bright moonlight and cool breeze bring the mild weather somewhere indicating that autumn is in full swing. Screening in autumn or catching one moment in this season becomes photography lovers' enjoyment. Hereby, for those who have issues with photo quality like low resolution, terrible texture, blurry images, etc., Leawo presents a related tool in the [2023 Golden Autumn Giveaway & Specials](#).

This campaign enables everyone to take [Photo Enlarger](#) as a freebie, which is used to enlarge images by [upscaling image resolution](#) rather than just enlarging pixels. The noise, mist, blur, pixelation, and graininess of photos will be removed perfectly when increasing the resolution. Besides, whether upscale or downscale images, this tool can process batches of photos at 5x higher speed. Meanwhile, shrinking images to 0.5x can be processed perfectly by this tool. Users can save preset parameters conveniently or apply settings of a single picture to all images with one click.

In fact, the Photo Enlarger is one module of [PhotoIns](#) that is a 3-in-1 photo solution package. The rest modules are Photo Enhancer and Photo BG Remover. Doubtlessly, the whole package is more powerful than one module. This advanced AI-powered software is able to fix JPG image issues caused by compression and produce JPG images with much better quality. It allows users to process RAW files with an auto lens correction feature, fixing issues like distortion, chromatic aberration and vignetting on images. Moreover, [removing photo background](#) by changing it to a solid color or any photo is also supported. The toolkit is currently on sale for \$54.97, which is a 50% discount from its original price of \$109.95 in this autumn promotion.

The giveaway license of Photo Enlarger is required to be activated within 5 days, and participants can
