

## **Howard Siegel, MD, a Gastroenterologist with Manhattan Internal Medicine Associates, P.C.**

Get to know Gastroenterologist Dr. Howard Siegel, who serves patients in New York, New York.

**New York City, New York Sep 16, 2023 ([IssueWire.com](https://www.IssueWire.com))** - An accomplished gastroenterologist, Dr. Siegel is one of the founding partners of Manhattan Internal Medicine Associates, P.C. in New York, New York.

Since its founding in 1940, Manhattan Internal Medicine Associates, P.C. has been combining state-of-the-art technology with award-winning practices in patient care, providing patients with unparalleled service and the most advanced medical treatments. Composed of numerous leading physicians in a convenient midtown location, they enable patients to receive personal, individualized care with the security and convenience of a group practice.

“Our goal is to provide a caring and compassionate environment to achieve health and well being in a soothing and comfortable office environment. We are not a typical private practice where you are just a number. We provide each patient with quality personalized medical care. Whatever our patients need to be healthy, we will do our best to provide that for you” as stated on their website.

Throughout his academic career, Dr. Siegel graduated with his Medical Degree from the Chicago Medical School at Rosalind Franklin University. He subsequently completed his residency in internal medicine at Veterans Affairs Medical Center and his fellowship in gastroenterology at US Public Health Services.

Striving for clinical excellence, the doctor is board certified in gastroenterology by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Committed to providing the highest standard in healthcare and patient services, Dr. Siegel can also be found on staff at Mount Sinai Beth Israel, a 799-bed teaching hospital founded on Manhattan’s Lower East Side.

Gastroenterology is the branch of medicine focused on the digestive system and its disorders. A gastroenterologist is a physician who has extensive training in the diagnosis and treatment of disorders related to the esophagus, stomach, small intestines, colon, liver, pancreas, and biliary system.
