

## Minfy wins AWS Partner of the Year for the third time

**Hyderabad, Telangana Sep 22, 2023 ([Issuewire.com](https://www.issuewire.com))** - At the AWS Partner Summit held in Goa on Thursday, 14th September 2023, Minfy won the '**SI Partner of the Year 2023.**' This marks the third time Minfy has secured the top AWS Partner award, achieving this feat previously in 2022 and 2020.

Expressing gratitude on behalf of the entire team of Minfinities, Minfy's leadership extends heartfelt appreciation to its valued customers who have placed their trust in and collaborated with Minfy on their digital transformation journey. Minfinities also convey profound gratitude to AWS for recognising Minfy's

unwavering dedication and contributions, to continually excel and consistently deliver exceptional value to its customers.

"This award is a testimony to every dedicated Minfinite who embodies Minfy's cultural values and contributes to our purpose of augmenting human capacity by leveraging technology," said Vikram Manchanda, CEO of Minfy Technologies. "This recognition reaffirms our commitment to expanding the depth and breadth of our service offerings in cloud, data, and AI."

Vivek Jain, Director and Co-founder of Minfy, North America, shared, "Leveraging our continued success and triple-digit growth in India, Minfy has accelerated growth in the US and Australia. With the addition of global business and technology leaders, we are driving next phase of growth."

Minfy's focus as an AI-first company is reflected in all its service offerings, including Cloud led Modernisation and Intelligent Applications. Minfy's AI team encompasses advanced practices for Data and Analytics, Generative AI, Machine Learning Operations (MLOps), and Solutions. This AI-first approach will accelerate our mission of building a symbiotic relationship between humans and the future of tech to create a better world.
