

Pianist Gregory Poulin Shows His Magical Skills through His Latest Compositions

Versatile pianist Gregory Poulin is making some brisk moves on his musical journey with the latest releases. He has recently dropped a 6-track EP named, 'Solitude'.

Houston, Sep 23, 2023 (IssueWire.com) - Some music artists are born to set an example and pianist **Gregory Poulin** is one of them. This versatile instrumentalist is well revered for his unparalleled piano skills. Offering listeners an enthralling experience, Poulin has come up with a brand new EP called '**Solitude**' that offers a total of 6 amazing piano compositions. Just like the title

suggests, each of the tracks is crafted masterfully to offer an essence of solitude weaved with the essence of melancholy and self-relevance. The tracks like '[Little Butterfly](#)' and '[Remember](#)' have perfectly captured the authentic essence of this emotional music project. Released under the label of CD Baby, the EP is creating a huge buzz in the music scene.

Similarly, there is another music project named '[The Poulin Variations on a Theme in F Major](#)', a representation of the robust piano skills that Poulin possesses. However, this composition is filled with more energy and offers a unique soundscape for everyone to feel from the inside. Captivating and highly engaging, in each of the musical creations Poulin has set a benchmark in the music industry.

Being a highly talented music artist with a specialty in classical music, Poulin is able to create a bridge between the past and the present with his musical works. Previously **Gregory Poulin** has collaborated with Herman Ringer for his album and EP projects. Ringer is a multifaceted conductor and a music artist who helped the pianist with his unparalleled skills in wind and string instruments. Follow Poulin on [Spotify](#) to learn more about his music.
