

Thomas A. Graziano, MD, DPM, FACFAS, a Podiatrist in Private Practice

Get to know Podiatrist Dr. Thomas A. Graziano, who serves patients in Clifton, New Jersey.

New York City, New York Sep 22, 2023 ([IssueWire.com](https://www.issuewire.com)) - There are about 17,000 podiatrists in the United States, according to the Department of Labor, and Dr. Graziano is one of only six who holds both Doctor of Podiatric Medicine (DPM) and Doctor of Medicine (MM) degrees.

Specializing in reconstructive surgery of the foot and ankle, he routinely performs complex and basic reconstructive surgical procedures at his private practice in Clifton, New Jersey. He is well known amongst his peers and in the community for his expertise in this area. Dr. Graziano combines not only effective treatments for his patients but demonstrates a genuine concern for their well-being throughout their entire treatment process.

“As a foot and ankle specialist, my main goal for all my patients is to provide caring solutions that last a lifetime. We don’t just treat the symptom, we strive to correct the problem permanently.”

Dr. Graziano’s educational journey began at William Paterson University, where he completed his Bachelor of Arts Degree in 1973. Building on this foundation, he pursued further education, earning a Master of Science Degree at Fairleigh Dickinson University in 1978.

His commitment to academic and professional growth led him to Rosalind Franklin University of Medicine, where he obtained a Doctor of Podiatric Medicine Degree in 1982. Finally, in 2008, Dr. Graziano reached the pinnacle of his medical education, graduating with a Doctor of Medicine Degree from the University of Health Sciences.

“I went back to school to obtain the M.D. degree after 23 years as a foot and ankle specialist /surgeon (D.P.M) not to change what I do, but to enhance my knowledge. In this way, I was able to become a more versatile and complete physician in tune with the medical issues facing each one of my patients.”

During his residency, Dr. Graziano underwent comprehensive training across multiple prestigious medical institutions, including St. Michael’s Hospital, Forkosh Memorial Hospital, University of Chicago, and Henrotin Hospital.

Board-certified in foot and ankle surgery, he is a Diplomate of the American Board of Foot and Ankle Surgery (ABFAS). The ABFAS strives to protect and improve the health and welfare of the public by advancing the art and science of foot and ankle surgery.

Boasting an impressive array of professional designations and affiliations, Dr. Graziano holds the esteemed title of Fellow of the American College of Foot and Ankle Surgeons (FACFAS). Additionally, he serves as an Examiner for the American Board of Podiatric Surgery and plays a crucial role as an Evaluator for Podiatric Surgical Residency Programs, where he helps shape the future of aspiring podiatric surgeons.

Furthermore, his active involvement extends to esteemed organizations, including membership in the American Podiatric Medical Association and the New Jersey Podiatric Medical Society. Dr. Graziano also holds a significant role on the Journal Managerial Committee of the Journal of Foot and Ankle Surgery and is on the By-Laws Committee of the American College of Foot and Ankle Surgeons, where he actively contributes to the governance and direction of this respected institution.

Among noteworthy aspects of his career with leading healthcare institutions and educational roles, Dr. Graziano has a strong association with St. Mary’s Hospital in Passaic, New Jersey, where he previously served as the Chief of Podiatric Surgery. Additionally, his affiliation with Valley Hospital in Ridgewood and the Clifton Surgery Center (where he is an Executive Board Committee Member) underscores his commitment to providing high-quality patient care.

His dedication to medical education is evident through his teaching appointments, particularly as a member of the St. Mary’s Hospital Residency Training Committee, where he actively participates in shaping the training and development of future medical professionals.

Podiatry is a branch of medicine devoted to the study, diagnosis, and medical and surgical treatment of a variety of disorders of the foot, ankle, and lower extremities. A podiatrist, also known as a podiatric physician or a foot and ankle surgeon, is a medical professional devoted to the treatment of disorders of the foot, ankle, and lower extremities. They can treat injuries and complications from ongoing health issues like diabetes.
