Light in the Dark is an enthralling epic fantasy that transports readers into a vibrant world being invaded by vampires and other creatures of darkness. The story revolves around Alara, a female devi who has forsaken her angelic wings to live among mortals. As the leader of a team of soldiers entrusted with handling extraordinary dangers, Alara uncovers a sinister plot by the dark gods to assassinate her creator, the god of life. This nefarious scheme involves the sacrificial ritual of her best friend. Determined to thwart this malevolent plan, Alara joins forces with a group of hostile shadow elves in a battle that pits the living against the dead. However, when the god of undeath and his followers appear to gain the upper hand, the future of the Earthen Realm—the land of the living—rests in Alara's hands. She must rally the kingdoms together to wage an epic battle against the dark gods before it is too late. Light in the Dark is a captivating blend of adventure and emotion, as Alara, an ex-angel, fights against evil to protect those she holds dear.
