

Advantage Route Systems Releases New Mango Point of Sale

Turlock, California Oct 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - Advantage Route Systems, a successful leader in the route accounting software industry, announced today the release of their new POS product. Cashless payments have made their way as the leading form of payment in the world, and business owners need a way to accept these payments. This is why Advantage Route Systems has released a new Point of Sale (POS) that accepts all kinds of digital payment methods all-in-one unit, manages inventory, and records sales in your Route Manager software. It is easy to use and can be optimized to best fit your business's everyday needs.

Features Include:

- Full Integration with Route Manager V8 Software
- Credit Card Swiper with Swipe, Tap, and chip Capabilities
- Heavy Duty 2D Barcode Scanner
- Dual Touch-Screen

“We are excited to launch the new Mango POS hardware,” said David Kroutil, CEO of ARS. “This system is a powerful and affordable way for businesses to accept payments, manage inventory, and track sales. We believe that the Mango POS hardware will be a valuable tool for businesses of all sizes.”

Mango Point of Sale is available for purchase and/or free demo at <https://advantageroute.com/point-of-sale/>.
