In addition to being a Fellow of the American College of Obstetricians and Gynecologists, Dr. Melone is a member of the American Medical Association, the American Institute of Ultrasound in Medicine, the International Society for Ultrasound in Obstetrics & Gynecology, the Society for Maternal-Fetal Medicine, and the International Society for Prenatal Diagnosis.

Maternal-Fetal Medicine (MFM) is a subspecialty of obstetrics and gynecology that focuses on managing the health concerns of the mother and fetus prior to, during, and shortly after pregnancy. Maternal-fetal medicine specialists are physicians who subspecialize within the field of obstetrics. For pregnant women with chronic health problems or other complications during their pregnancy, MFM specialists work to keep them as healthy as possible while their bodies carry a pregnancy. They also care for women who face unexpected problems that develop during pregnancy such as early labor, bleeding or high blood pressure.
