

# SNH Technologies CEO to Share Insights on Cybersecurity Resilience at Upcoming Conference

Join CEO Russell Hale at The Next Big Thing Conference November 1-2, 2023 for a session on Cybersecurity Resilience for your business.

## SNH TECHNOLOGIES

**Santa Rosa Beach, Florida Oct 20, 2023 ([IssueWire.com](https://www.issuewire.com))** - SNH Technologies, a leading technology firm at the forefront of digital innovation, is thrilled to announce the participation of its visionary CEO, Russell Hale, as a distinguished speaker at the upcoming The Next BIG Thing taking place on November 1 and 2, 2023.

Hale is a prominent industry leader renowned for expertise in cybersecurity and commitment to empowering modern entrepreneurs with the [IT knowledge and tools](#) to safeguard businesses in the digital age. The Next BIG Thing presents a golden opportunity for entrepreneurs, business leaders, and tech enthusiasts to gain valuable insights into the ever-evolving landscape of cybersecurity and resilience.

At this influential event, Russell Hale will deliver a thought-provoking keynote address, sharing his organization's extensive knowledge and experience in the field. His presentation will focus on the critical importance of [cybersecurity resilience](#) for today's entrepreneurs, providing practical strategies, best practices, and innovative solutions to protect businesses against emerging cyber threats.

In an era where the digital realm is an integral part of business operations, Hale will underscore the need for proactive measures in securing sensitive data, intellectual property, and customer information. With a vision for a more secure and resilient entrepreneurial landscape, Hale will offer a roadmap for businesses to thrive in the face of increasing cyber challenges.

"We are on the cusp of a new digital frontier, where entrepreneurs and small businesses are not immune to cyber threats. It's crucial to embrace cybersecurity resilience as an integral part of the business strategy," stated Hale. "I am honored to be part of the The Next BIG Thing and look forward to sharing insights that will empower entrepreneurs, and businesses of all sizes to protect their ventures in the digital age."

SNH Technologies invites all interested parties to attend Hale's session and engage in a meaningful dialogue on the pressing issues surrounding cybersecurity resilience.
