(SPANISH VERSION)

(SPANISH EDITION)

by Pilar de la Cruz Samoulian

For a young minority girl, daydreaming is a tool used to escape the present and look forward to the future. The words, "Someday, I will have a good job, a nice fancy house, a reliable car" are what keep you going. Learning to overcome obstacles and not listen to people who tell you that you cannot reach your goal takes determination, persistence, and even stubbornness.

***"Daydreaming is a tool used to escape the present and look forward to the future."* — Pilar De**

La Cruz Samoulian

In partnership with Bookmarc Alliance, author Pilar De La Cruz Samoulian will exhibit the Spanish edition of *But I Want to be a Nurse* in the upcoming 2023 Guadalajara International Book Fair. The event will take place at the Expo Guadalajara Convention Center this November 25 to December 3, 2023.

Growing up, people have instilled in Pilar that she can only daydream about achieving a good life and that it's not bound to happen to her — it's as if the universe has already decided on her future. So at a tender age, Pilar knew the harsh truth for someone like her who comes from the Mexican minority group.

Despite the negativity, Pilar did not let anything stand in the way of reaching her dreams and ambitions. Pilar faces different and never-ending challenges as she makes her way to achieving her dream of becoming a nurse. She pushes through with determination and persistence; eventually, her hard work and fearlessness led her to carve her own name in the industry and fulfill her younger self's daydream of a good life.

Pilar De La Cruz Samoulian has been a registered nurse for over 50 years. She has served as director of the Central California Center for Excellence in Nursing, at Fresno State. In 2015, she was appointed by Governor Jerry Brown to serve as a member of the California Board of Registered Nursing. Before joining the panel at a Zócalo, the California Wellness Foundation event titled "How Are Immigrants Changing the Way Health Care Is Practiced?" at the RedZone at Gensler in Los Angeles, she spoke in the green room about the town of Reedley, movie nurses, and her Fresno State Bulldogs.

Pilar De La Cruz Samoulian's *But I Want to be a Nurse* will fill you with hope and encourage you to take chances, and never give up on your dream despite the many obstacles life throws at you.
