

## **Andre E. Manov, MD, FACP, MSHM, CPE, an Endocrinologist with MountainView Medical Associates**

Get to know Endocrinologist Dr. Andre E. Manov, who serves patients in Las Vegas, Nevada.

**New York City, New York Nov 21, 2023 ([IssueWire.com](https://www.IssueWire.com))** - Dr. Manov is a highly trained endocrinologist with MountainView Medical Associates in Las Vegas, Nevada.

Among his other roles, he is the Program Director for the Transitional Residency Program at Sunrise Health GME, Mountain View Hospital, a position he has held since 2021. He has also been serving as the Director of the Medicine Clinic at Mountain View Hospital since 2021 and as a Core Faculty member of the Internal Medicine Program at Sunrise Health GME since 2020.

Prior to this, from 2020 to 2021, Dr. Manov served as an Associate Program Director for the Internal Medicine Residency program at Sunrise Health GME, Mountain View Hospital.

Holding multiple academic appointments, he is a Professor of Endocrinology, Diabetes, Metabolism, and Internal Medicine in the Department of Medicine at Touro University Medical School, a Clinical Professor in the Department of Medicine at the University of Las Vegas, Nevada, as well as a Professor at TCU Burnett School of Medicine in Fort Worth, Texas.

With a solid educational background, Dr. Manov earned his Medical Degree from the Medical University of Sofia in Bulgaria, where he graduated as the Valedictorian of his class in 1984 and was awarded the Golden Hypocrates Statuette and Medal. He then completed his internship and residency in internal medicine at Alexandrovska University Hospital in Bulgaria, as well as at Lincoln Medical and Mental Health Center in the Bronx, New York, under the guidance of Program Director S. Garrison. Dr. Manov also pursued a fellowship in endocrinology, diabetology, and metabolism at Middlesex Hospital and Royal London Hospital Medical College in London, where he focused on research in endocrinology.

In London, he worked in a prestigious Laboratory in Middlesex Hospital under the supervision of Professor Bottazzo and for the first time described the expression of adhesion molecule CD44 on snap-frozen sections and cell cultures from patients with different autoimmune disorders and thyroid nodules. From there, he went on to obtain his Master of Science Degree in Healthcare Management from the School of Management at the University of Texas at Dallas and completed the Certified Physician Executive Degree, awarded by the American College of Physician Executives.

Board-certified in endocrinology, diabetes and metabolism, and internal medicine, Dr. Manov is a Diplomate of the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Additionally, Dr. Manov earned board certification in endocrinology, diabetology, and metabolism from both Bulgaria and the European Union.

Endocrinology is a branch of biology and medicine dealing with the endocrine system, its diseases, and its specific secretions known as hormones. Endocrinologists have the training to diagnose and treat hormone imbalances and problems by helping to restore the normal balance of hormones in the body. The common diseases and disorders of the endocrine system that endocrinologists deal with include diabetes mellitus, as well as adrenal, pituitary, and thyroid disorders, among others.

Having made significant contributions to the medical field through his research and publications, Dr. Manov has authored 72 publications in peer-reviewed journals and has written 8 chapters in medical books.

Actively engaged in ongoing research, he holds memberships in esteemed professional organizations such as the British Diabetic Association, the American Diabetes Association, the American College of Physician Executives, and the American College of Physicians (Fellow).

In addition to his research involvement, Dr. Manov serves on the editorial boards of several prestigious journals, including the Journal of Clinical Ophthalmology and Optometry Research, the World Journal of Multidisciplinary Research and Reports, The Journal of Endocrinology and Disorders, and the Journal of Clinical Endocrinology and Metabolism. He has further contributed to the field as an acknowledged speaker in a 10-International Endocrinology International Symposium.

Honored by The Global Directory of Who's Who in 2023, Dr. Manov attributes his success to the influence of his parents, both of whom were doctors. They inspired him to pursue a career in medicine and provided him with the necessary support and encouragement throughout his educational journey. He firmly believes that his strong educational foundation has played a crucial role in his achievements and professional accomplishments.
