

## **David Jenson, DPM, FAENS, a Podiatrist with Jenson Foot & Ankle Specialists**

Get to know Podiatrist Dr. David Jenson, who serves patients in The Woodlands, Texas.

**New York City, New York Nov 20, 2023 ([IssueWire.com](https://www.IssueWire.com))** - As one of the most highly sought-after foot and ankle specialists in The Woodlands, Texas area, Dr. Jenson is proud of the role he has played in improving the health and wellness of so many families.

He founded Jenson Foot and Ankle Specialists to create a resource for patients searching for the most advanced diagnostic and treatment services in the region. He and his team offer solutions for foot and ankle issues ranging from simple wart removal to diabetic wound care, strains and sprains, complex fracture repair, and more.

Offering a unique combination of training, expertise, and a warm, personable nature, Dr. Jenson is well-trained in wound care, nerve issues such as neuropathy, concerns with the Achilles tendon, complications with the rear and forefoot, ingrown toenails, and more. He also has a particular focus on sports medicine and enjoys treating the athletes of the Woodlands area.

One of the things that sets him apart is his skill in decompression nerve surgery. Dr. Jenson is proud to be among only a few specialists to offer Subchondroplasty®, an innovative procedure used to treat fractures without the need for invasive surgery.

Education has always played a central role in his life. He began his studies at Utah State University in Logan. He then went on to earn his Doctor of Podiatric Medicine Degree at the California College of Podiatric Medicine in San Francisco and continues to train in the most advanced technology and treatments.

Dr. Jenson further refined his skills and training through an internship at Madigan Army Medical Center in Tacoma, Washington. From there, he pursued additional education opportunities in New York City, focusing on gait analysis, pediatric orthopedics, biomechanics, and surgery. A surgical residency in Houston, Texas, and fellowship training in lower extremity peripheral nerve surgery followed.

Among his professional affiliations is membership in the Association of Extremity Nerve Surgeons, the American Podiatric Medical Association, the Lower Extremity Peripheral Nerve Fellowship Group, and the Texas Podiatric Medical Association.

Podiatry is a branch of medicine devoted to the study, diagnosis, and medical and surgical treatment of a variety of disorders of the foot, ankle, and lower extremities. A podiatrist, also known as a podiatric physician or a foot and ankle surgeon, is a medical professional devoted to the treatment of disorders of the foot, ankle, and lower extremities. They can treat injuries and complications from ongoing health issues like diabetes.

A proud father of three, Dr. Jenson enjoys sharing all that the greater Houston area has to offer with his kids. He also indulges in running, sports, traveling, and reading.
