

Consult Venture Partners Introduces UK's First Generative AI-Powered Customer Service in Financial Consultancy Sector

CONSULT
VENTURE PARTNERS

London, United Kingdom Dec 24, 2023 ([IssueWire.com](https://www.issuewire.com)) - ConsultVP Becomes the First UK Generative AI Consultancy Firm to Pioneer Generative AI-Powered Customer Service, Marking a Revolutionary Shift in Client Interaction

Consult Venture Partners (ConsultVP), a global generative AI consultancy firm specialising in providing

insights, knowledge, and strategies to leaders in the financial sector, including private equity, investment firms, and wealth management, is proud to announce a groundbreaking advancement in client engagement.

ConsultVP has become the first UK-based generative AI consultancy firm to deploy a Generative AI-Powered Customer Service Assistant on its website, transforming how it communicates with prospects and clients.

Developed in collaboration with the award-winning innovation company INATIGO, this cutting-edge Customer Service Assistant represents a monumental leap forward in consultancy services. It signifies a new era in client engagement and sets the standard for how consultancy firms will interact with and serve their clients in the future.

By harnessing generative AI technology, ConsultVP now offers an unprecedented level of personalised and efficient support to its potential and existing clients, reinforcing its position as a pioneer in the consulting industry.

Ashlea Atigolo, Managing Partner of Consult Venture Partners, commented, "Our mission at ConsultVP has always been to lead the way in delivering value to our clients. With this pioneering Generative AI Customer Service Assistant, we are setting a new industry standard and providing a level of service that is unparalleled in the consultancy sector."

"We are proud to partner with INATIGO in this groundbreaking endeavour. This innovation not only enhances our client interactions but also reflects our commitment to staying at the forefront of the generative AI landscape." Elemi Atigolo, Managing Partner of ConsultVP, added.

ConsultVP's global reach and unwavering dedication to supporting financial services clients with insights, industry knowledge, and strategic guidance empower businesses to capitalise on opportunities, streamline operations, and navigate the complex and rapidly changing world of generative AI. This ensures that ConsultVP's clients maintain a competitive edge in an increasingly dynamic marketplace.
