

## Mona Houshiar, DDS, a Pediatric Dentist with Mona Dental for Kids

Get to know Pediatric Dentist Dr. Mona Houshiar, who serves patients in Spring, Texas.

**New York City, New York Jan 5, 2024 ([Issuewire.com](https://www.issuewire.com))** - A dedicated pediatric dentist, Dr. Houshiar tends to patients at her private practice - Mona Dental for Kids - in Spring, Texas. She is driven by a profound belief in the significance of preventive dental care and the empowerment of families through education to ensure lifelong healthy smiles. Her approach to patient care is rooted in age-appropriate

techniques and a nurturing demeanor that cultivates an environment of trust and comfort.

In 2009, she earned her Doctor of Dental Surgery degree from the prestigious University of California at Los Angeles (UCLA). Following this accomplishment, she pursued a two-year general dentistry residency at the VA West Los Angeles Healthcare Center, enhancing her skills and knowledge. Finally, she undertook postdoctoral residency training at the University of Connecticut, earning her certificate in pediatric dentistry.

A firm believer in the continual pursuit of knowledge, Dr. Houshiar remains at the forefront of her field. Actively participating in professional organizations such as the American Academy of Pediatric Dentistry and the American Dental Association, she attends various seminars and courses to stay abreast of the latest advancements in pediatric dental technology.

Beyond her dedication to pediatric dental care within her practice, Dr. Houshiar extends her commitment to community service. Actively involved in initiatives for underprivileged children, she strives to make a positive impact beyond the confines of her office, exemplifying a holistic approach to dental health and community welfare.

Pediatric dentistry is the branch of dentistry dealing with children from birth through adolescence. The Pediatric dentist has an extra two to three years of specialized training after dental school and is dedicated to the oral health of children from infancy through the teenage years. Children of different age groups need different approaches in dealing with their behavior guiding their dental growth and development, as well as helping them avoid future dental problems. A pediatric dentist cares for special needs patients as well.

Originating from Oklahoma City, Dr. Houshiar grew up in Tehran, Iran. Her journey led her through diverse cities like Vancouver, Los Angeles, and West Hartford before finding her home in Houston. Outside her professional commitments, she engages in a variety of interests. Driven by a passion for travel, she explores new destinations, maintaining an active lifestyle through fitness activities and tennis. Her artistic pursuits include playing the piano, complementing her appreciation for diverse international cuisines.
