

Robert N. Marshall, DMD, a Dentist with Aesthetic Dental Center

Get to know Dentist Dr. Robert N. Marshall, who serves patients in Concord, New Hampshire.

New York City, New York Jan 18, 2024 ([IssueWire.com](https://www.IssueWire.com)) - An excellent dentist, With a legacy spanning back to 1979, Dr. Marshall has dedicated his career to enhancing the lives of his clients through the artistry and clinical expertise of cosmetic dentistry. Beyond the conventional teachings of dental school, he possesses a unique skill set that transforms smiles into natural masterpieces.

Pertaining to his educational pursuits, he completed his undergraduate studies at the University of New Hampshire in 1976 before pursuing his dental education at Tufts University School of Dental Medicine in 1979. His dedication to public health is exemplified by his service to the U.S. Government Public Health Service upon graduating from dental school.

Dr. Marshall's commitment to excellence is evident in his extensive postgraduate training, where he not only refined his craft but also imparted his knowledge as an instructor at two globally recognized programs—the Pacific Aesthetic Continuum (PAC-Live) and the Las Vegas Institute for Advanced Dental Studies. His years of experience shine through the exquisite, natural-looking smile designs he has meticulously created, earning him a well-deserved reputation as a leader in his field.

Among his professional affiliations, he actively participates in professional organizations, including the American Dental Association (ADA), the American Academy of Cosmetic Dentistry (AACD), the Academy of General Dentistry (AGD), and the N.H. Dental Society (NHDS), where he serves as a Trustee. His involvement as a delegate at the World Congress of Dental Implant further solidifies his commitment to staying abreast of the latest advancements in the field, particularly in implant dentistry.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

On a more personal note, Dr. Marshall's passion for outdoor activities, including water and downhill skiing, reflects not only his professional expertise but also his vibrant and well-rounded approach to life.
